Re: *Complaint by AT&T Regarding the Delivery of Calling Name Services
by BellSouth Telecommunications, Inc.*
Docket No. 00-00971

Dear Mr. Waddell:

This is to notify the Authority that BellSouth has completed its implementation of 10-digit Global Title Translation in Tennessee as of March 26, 2001.

This is also to correct a minor error in the Petition for Appeal from Initial Order of Hearing Officer which BellSouth filed with the Authority on March 22, 2001. On page 10 of the appeal, the first sentence states "It has been BellSouth's policy to allow CLECs to load the names and addresses of their customers into BellSouth's CNAM database, even though BellSouth is in full compliance with its number portability obligations under both the 1996 Act and the FCC's rules." The phrase "and addresses" was inadvertently included and should be deleted. There has never been any claim by AT&T or the other CLECs that addresses should be included in the CNAM database. We apologize for this error.

A copy of this letter has been provided to counsel of record for the parties in this proceeding.

Very truly yours,

Guy M. Hicks
